CGS101

USF in Costa Rica
San José: May to June
OVERVIEW
Gain true language ability in this welcoming and friendly environment surrounded by some of the world’s most beautiful natural sights, from rainforests and beaches to volcanoes and cascading waterfalls.

Students engage in an applied language experience in the classroom with friendly host families ready to bring students into their homes and cultures.

Nicknamed the Land of Eternal Spring, students in San José quickly discover that there is more to Costa Rica’s capital than the climate. Experience first-hand the rich and vibrant land of Costa Rica and discover the true meaning of “Pura Vida.”

WHO CAN PARTICIPATE
This program is open to everyone. Intermediate students will benefit highly from it, yet no prior language experience is required. Any additional information can be found online.

COURSE INFORMATION
This program offers courses in Spanish Language and Latin American Culture through Film. Visit the Education Abroad website for exact course numbers.

PROGRAM COST
Visit educationabroad.global.usf.edu for current cost details.
